# letter of introduction

## Dear Colleagues, Patients and Friends:

We are pleased to provide the 2008 Aultman Hospital Physician Directory. This publication provides you with a comprehensive list of physicians, organized by medical specialty. We are proud that 95 percent of our physicians are board certified.

In addition to featuring photos and information for active medical staff members, we have also included contact information for physicians who have ambulatory active or courtesy status.

If you have visited Aultman recently, we hope you've noticed the positive changes that are taking place. Our Bedford Building – which includes the Heart Center, Birth Center, Emergency Department and Trauma Center – features private, spacious patient rooms and the latest technology. We're renovating other areas of the hospital – to provide private, bigger, more modern rooms that enable us to provide an enhanced level of patient-centered care.

Aultman continues to earn industry accolades for the high-quality care we provide. For the 12th consecutive year, National Research Corporation named Aultman the most preferred Stark County hospital for image and quality. We also earned our third J.D. Power and Associates award for providing "an outstanding patient experience." In 2006, we earned the prestigious Magnet award for nursing excellence, a designation shared by just 3 percent of U.S. hospitals.

On behalf of Aultman employees and medical staff members, thank you for your ongoing confidence and trust in Aultman. It is our privilege to provide high-quality medical care for members of our community.

Sincerely,

Edward J. Roth III  
**President and CEO**  
Aultman Health Foundation

Timothy L. Hagen, DO  
**Medical Staff President**

Physician information is also available on the Web. To find a doctor anytime, visit [www.aultman.org](http://www.aultman.org) for current listings.

## MEDICAL STAFF DESIGNATIONS:

### Active Staff

Members of the active staff category are primarily associated with Aultman Hospital. The physicians have full clinical privileges to practice in accordance with their qualifications.

### Courtesy Staff

Members of the courtesy staff have full clinical privileges to practice in accordance with their qualifications. They are primarily associated with other hospitals, although the physicians can admit and treat patients at Aultman Hospital as well.

### Ambulatory Active Staff

Members of the ambulatory active staff are physicians who want to be associated with Aultman Hospital but do not intend to establish a practice at the hospital. Instead, these physicians primarily have office-based practices. They are granted full clinical privileges for a limited number of cases.

# our focus & areas of care

With **682 beds**, close to **700 physicians** and a **staff of more than 5,000 employees**, Aultman is Stark County's largest hospital and largest employer.

## Aultman focuses on six areas of care:

1. Heart
2. Cancer
3. Women and Children's Services
4. Neurosurgery
5. Orthopedics
6. Emergency and Trauma Services

## 1 HEART

The Aultman Heart Center treats more than 15,000 patients each year. Our cardiologists, surgeons, nurses and technologists provide high-quality medical care while focusing on each patient's unique needs. We offer noninvasive testing, diagnostic and interventional services, a Chest Pain Center and Cardiac Catheter Lab, cardiovascular surgery, cardiac rehabilitation and patient educational programs.

## 2 CANCER

The Aultman Cancer Center is a fusion of ideas, technology, talent and compassion – with a focus on providing quality cancer care in our community. We strive to be the first choice for people seeking cancer care as well as physicians, employees and volunteers. Services include Breast Care Center, Infusion Therapy Department, Inpatient Oncology Unit, Radiation Therapy, Cancer Genetics Program and Clinical Trials.

## 3 WOMEN AND CHILDREN'S SERVICES

The Aultman Birth Center offers a team approach to providing the best care for mothers and their babies – under one roof. The Aultman Birth Center offers maternal-fetal medicine for high-risk pregnancies, genetic counseling, spacious birthing suites, a Newborn Intensive Care Unit with private rooms and a variety of educational opportunities for mothers and families. We offer a children's emergency department to provide care while reducing anxiety in young patients and an inpatient pediatric unit for patients less than 18 years of age.

# our focus & areas of care

## 4 NEUROSURGERY

Aultman's Neurosurgery Program features advanced diagnostic equipment and innovative surgery suites. Rehabilitation services include physical, occupational and speech therapy to aid in patients' recovery. The Surgical Intensive Care Unit (SICU) offers private patient rooms with advanced patient monitoring technology. Aultman is staffed with board-certified neurosurgeons 24 hours a day, seven days a week.

## 5 ORTHOPEDICS

Aultman's Orthopedic Surgery Program exceeds national benchmarks for quality and patient satisfaction. Our orthopedic medical staff includes more than 20 board-certified surgeons, skilled in total joint replacement, back and spinal conditions, hand injuries, sports medicine and arthroscopic surgery. Aultman has a comprehensive Total Joint Replacement Program that includes surgery and rehabilitation to get patients on the road to recovery.

## 6 EMERGENCY AND TRAUMA SERVICES

All treatment rooms in the Aultman Emergency Department (ED) are private, with bedside registration to get patients inside the ED faster. The rooms provide easy access to dedicated CT scanning equipment, radiology, the Chest Pain Center and lab services, so testing is completed in a centralized location. Aultman is the only Level II trauma center for adult and pediatric patients in its five-county service area. The Level II designation from the American College of Surgeons certifies that Aultman has the facilities, technology and specially trained clinical staff to treat trauma patients.

# satellite facilities

## AULTMAN NORTH

Aultman North offers immediate care services for minor illnesses and injuries seven days a week, 365 days a year. The unit is staffed with board-certified emergency physicians. Aultman North also offers lab and diagnostic services, outpatient surgery and an eight-room sleep center to diagnose and treat sleep-related disorders. Therapy services such as physical and occupational therapy, sports medicine and cardiac rehabilitation are also available.

## AULTMAN WEST

Aultman West offers immediate care services for minor illnesses and injuries seven days a week, 365 days a year. The unit is staffed with board-certified emergency physicians. Aultman West also offers outpatient surgeries and non-critical, short-stay surgeries. A two-bed sleep center is available, along with a blood donor room, lab and diagnostic services. Physical, aquatic and occupational therapy services are available, along with sports medicine and cardiac rehabilitation programs.

## AULTMAN WOODLAWN

Aultman Woodlawn includes 60 private skilled nursing rooms and 30 private inpatient rehabilitation rooms. Unique therapy environments – including “Aultman Avenue” with a store, gas station and grocery store and an outdoor courtyard – help reintroduce patients to homelike and community settings while preparing them for a realistic level of independence. Aultman’s Home Care Agency, Hospice and Palliative Care, Aultman Grief Services and the Activities of Daily Living (ADL) company are also housed in the Aultman Woodlawn building.

## AULTMAN CARROLLTON

Aultman Carrollton offers immediate care services for minor injuries and illnesses seven days a week, 365 days a year. Aultman Carrollton also offers lab and diagnostic services, physical and occupational therapy, sports medicine, occupational rehabilitation, cardiac rehabilitation and a fitness center that is open to the public.

## AULTMAN TUSC

Aultman Tusc offers outpatient therapy services including physical and occupational therapy, occupational rehabilitation, balance and vestibular rehabilitation, lymphedema therapy, sports medicine, stroke rehabilitation and aquatic therapy.
